

## UDP New Employee Survival Guide

This is a reference guide about how our office works so you don't have to remember everything that is thrown at you in your first days on the job. Susan Wysotski or Anna Flournoy will train you on a lot of this, but you don't have to commit it to memory because you have this guide.

This guide does not include project info or skills related to your position; you'll get lots of training on these things during your first two weeks and beyond, it's more important for you to concentrate on that training.

You can ask Susan if you have any questions about anything at all but, if it's about technical stuff, it's better to ask Anna (Flournoy).

**\* means\* Susan will train you, don't let her forget.**

## **\*CORE VALUES / UDP FUNDAMENTALS\***

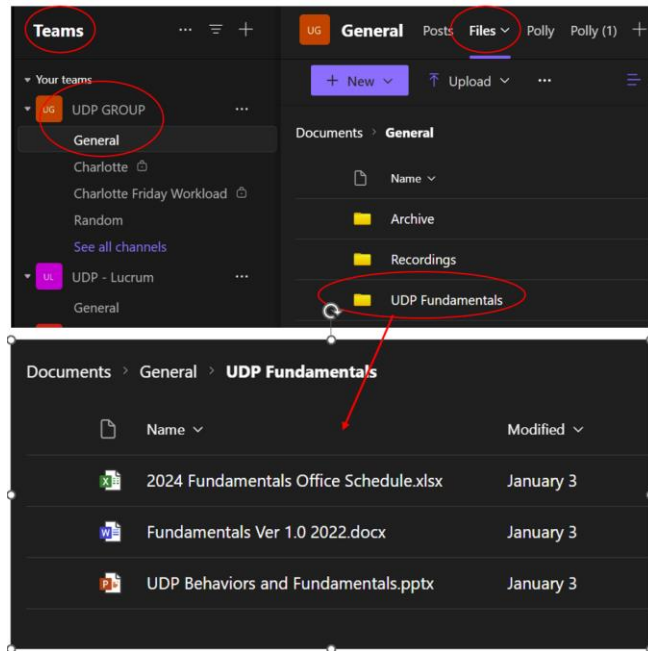

**Go to Teams and click on “Teams” tab on the far left, then click on UDP GROUP - General**

Click on **Files** at the top and open the folder “UDP Fundamentals”

You can open the power point presentation that will explain the whole thing.

You can open the schedule so you can tell when your turn is coming up and what fundamental you have to post and read.

You can open the word doc, copy the text and paste it in a new post on this channel on the Monday that you are scheduled to do so. You'll also be asked to read it in the Monday meeting

## **ENTERING BUILDING & OFFICE**

1. Key fob is for the garage gate at all times.
2. Key fob is also for the garage door to building, elevators, glass doors - before 8 am & after 5:30 pm. ALL weekends & holidays
3. Key fob is required to get to roof anytime
4. Keypad on our office back door- punch your 4-digit code and the check sign  ✓

## **REGULAR INTERNAL MEETINGS**

1. **Monday Morning Meeting - 9:00** in Conference Room
2. **Monthly Meeting – 9:00** in Conference Room – **second** Monday of each month
3. **Daily workload Meeting with your Studio** (Tuesday thru Friday) **at 8:40am**
4. **Happy Hour – Thursday at 5:00**

## **\*REQUEST TIME OFF\***

1. 1/2 day or more (4 or 8 hour increments only)
2. Talk to your **Studio Leader** & send them a calendar invite and receive advanced approval as specified below:
  - a. Requesting less than one week off – 2 weeks notice to Studio Manager

- b. Requesting one week off – 1 month notice to Studio Manager
  - c. Requesting more than one week off – 3 months notice to Studio Manager
  - d. Requesting more than 2 weeks off – Special Approval Required
3. Enter on the Outlook **Time Off Calendar**- make sure your entry is “all day” and show as “Free”

ask me why, g’head.

- 4. If you need to be off for less than half a day, just inform your SL asap
- 5. If you realize you are going to be late, inform your SL asap (don’t text while driving)
- 6. Time off is billed to **0000-UDP CLT-Paid Time Off – PRL** (or PRL/BL if it’s bereavement)
- 7. Less than 4 hours does not have to be billed. You can just make up the hours. Remember you are a salaried employee (unless you’re an intern), you’ll end up working more than 40 some weeks, it will average out.

**\*OUTLOOK\***

- 1. Your signature & stationery are set
- 2. Email Filing – Susan will show you
- 3. Public Folders – Susan show you
- 4. Time off Calendar – It should be in your favorites - Susan will show you

**\*TEAMS\***

- 1. **Turn on your notifications** for these three **UDP GROUP** channels:
  - **General** is for OFFICIAL Company Wide important stuff
  - **Charlotte** is for office info and fun stuff – reminders, opportunities, etc.
  - **Random** is for the fun stuff.

**\*KITCHEN \***

- 1. Cleaning Schedule & Checklist – inside pantry door (and Susan will send you a calendar invite)
- 2. Dishwasher - runs on Friday, emptied on Monday (see cleaning schedule)
- 3. Sink courtesy – always use sprayer and make sure your food goes down the drain, then run the disposal
- 4. Fridge courtesy - FOOD FOR ALL vs personal lunches in fridge- Susan will show you
- 5. Snack Cabinet – everyone
- 6. Pantry – everyone – tell Susan if we’re low on something
- 7. Drink Cooler/Fridge – everyone – restock occasionally
- 8. Compost under sink- plates & utensils, food scraps, coffee grounds, tea bags
- 9. Recycling – Aluminum Cans and Flat Cardboard ONLY
- 10. Senior Gaggia – strength/water/grounds/beans.

**RESTROOMS**

- 1. Exit lobby door and make two lefts – if it’s being cleaned go down to 1<sup>st</sup>, 2<sup>nd</sup> or 3<sup>rd</sup> floor
- 2. Restroom in office is for Clients and Partners.

**CONFERENCE ROOMS**

- 1. If doors are open – you are welcome to interrupt a meeting
- 2. If doors are closed – do not disturb

3. When you create an outlook meeting
  - a. add the conference room to the location (main) to reserve
  - b. invite Susan as optional

### **WORKING LATE**

1. Susan will order you dinner if you need to work late to meet deadlines
2. Let her know by 4:00pm
3. Watch Charlotte channel for updates if she's ordering for someone else so you can join.

### **\*TIMECARD\***

1. Do it daily or keep a running list
2. Submit by end of day on Friday – *Brian Smith needs the data on Monday morning*
3. Submit also on the last day of the month – Susan/Christa will remind everyone
4. See page 11 for detailed information
5. Susan will train you on timecards this week.
6. Susan checks TimeCards on Monday morning and sends reminders (waiting til Monday morning to submit is problematic, CORE can be slow to respond)
7. Always ask for a project number (project names are not always helpful, ask me about Sardis)

### **PRINTERS**

1. Learn how to change paper in Canon Printer
2. Plotter Settings – *See cheat sheet* – make sure they are set on your computer
3. Plotter paper, if you see a flashing light on the paper draw, the paper needs attention, tell Susan or Anna and learn how to change
4. Learn how to scan on Plotter and Canon Printer
  - a. Scans from the Plotter are sent to a network drive and scan can be found here:  
N:\Admin\Scans\Charlotte
  - b. Scans from the Canon are sent to your email (check your spam if you don't see it at first). They come from this email: [donotreply@urbandesignpartners.com](mailto:donotreply@urbandesignpartners.com)

### **Plotter Settings**

#### **BASIC PLOTTER SETTINGS:**

- Arch D – 24x36
- landscape
- grayscale
- actual size
- centered
- autorotate

(set your default settings to this) (remember to reset to color if needed)

### **OFFICE SUPPLIES**

1. Located in Print room in cabinets over the countertop
2. Tell Susan if you need anything you can't find
3. Tell Susan if we're low on anything
4. Susan can order you desk organization accessories.

## **BROADVOICE/B-HIVE**

We use Broadvoice for our phone system and it has a handy dandy phone app and computer app that you can utilize when you are remote or out on site. It is very user friendly and easy to set up.

When you arrive, there should be an email in your inbox that should prompt you to finish setting up your account. Once you have your account set up you can download the mobile app. The mobile app will work very similar to your desk phone in the sense that if someone calls your extension your cell will ring as though you are getting a call. If you call out (say you are on site and returning a call to a client) and you call through the app your caller ID will say Urban Design Partners not your personal number.

If you are taking advantage of the hybrid schedule and plan to work from home, you **must have this set up prior to beginning that schedule**. Working from home does not exclude you from taking calls. If you are in the office and wear earbuds to play music/podcasts it is a good idea to download the app as it will announce a call which you can then pause and take the call via desk or your cell.

You do not need to download this on your computer and phone you are able to choose either. A good thing to note, if you **do not** want to receive pop-ups/notifications when you are in the office/on vacation you will need to change your status on the phone and computer app to “**do not disturb**.”

Further info about the app can be found here: <N:\Admin\Employee Resources\Phone System\ b-hive Communicator Manual> or you can ask Anna Flourney with questions.

# broadvoice

## **Welcome to b-hive Cloud Communications!**

To complete your account setup, please update your password [here](#).

You can access the portal at <https://portal.broadvoice.com> using your email address as your login.

Not sure how to get started? Check out our [training videos and other resources](#), where you can find user guides and video tutorials to walk you through the most common tasks and activities.

If you have any questions/concerns, please contact customer support at 888-325-5875.

Thank you!

## COMPUTER CARE 101

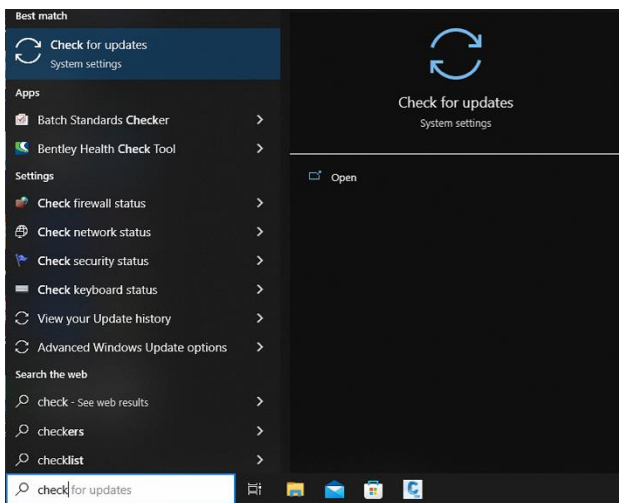

Your computer is like an extension of your arms and the primary piece to working in or out of the office (if you are doing the hybrid schedule or working from home one random day). You go to the doctor for checkups or the gym to get swole, right?

- Unplugging your computer from the dock each night and shutting down as much as possible.
- Ensure your computer is up to date.
- Make sure Autodesk / Adobe programs are also up to date
  - NOTE: some programs will prompt you for an update others do not

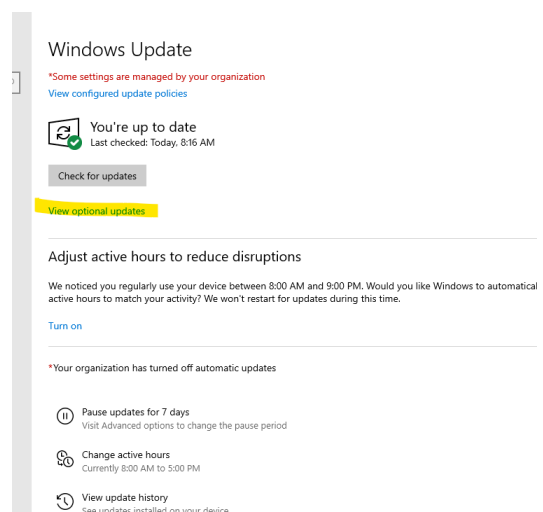

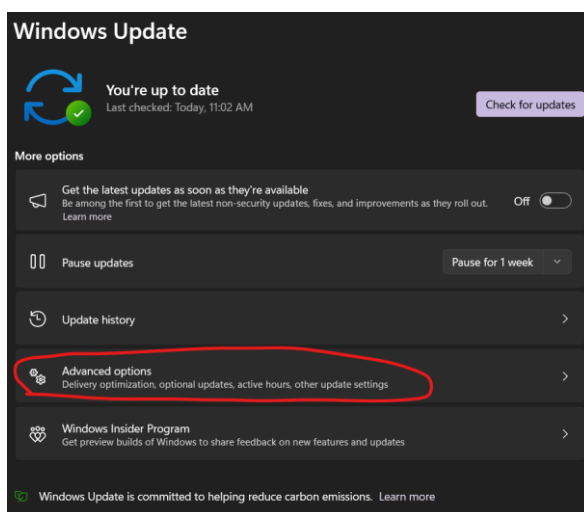

Check your computer for updates often! This is the easiest thing you can do to keep your computer happy.

Here is how to check:

### 1. Search “Check for Updates”

### 2. Click the “check updates” box (our computers do not update automatically so you will need to do this each time)

- a. Make sure you check for optional updates too! There will be a link that you can click to find those updates. Important driver updates are usually here so it is important to make sure you have those done and up to date. Here is where to find those updates (**Windows 11 on Left and Windows 10 on Right – see snips above**)

✓ Driver updates

If you have a specific problem, one of these drivers might help. Otherwise, automatic updates will keep your drivers up to date.

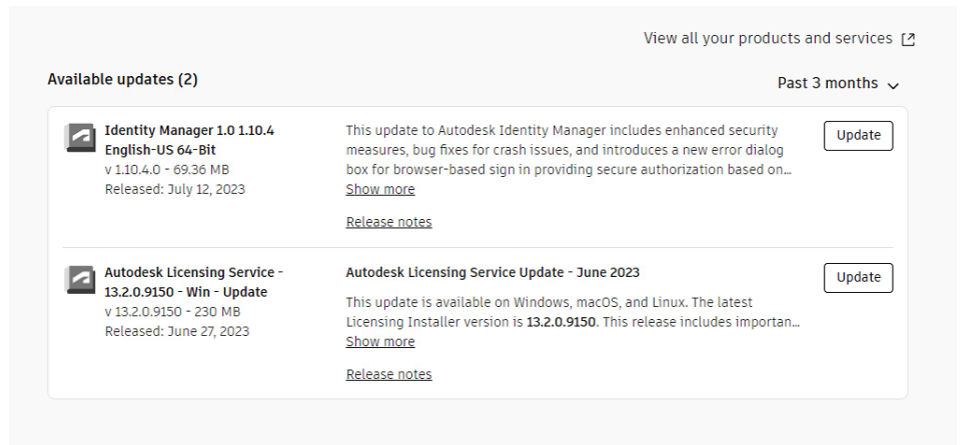

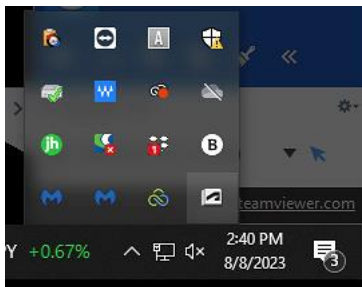

- Dell Inc. - Monitor, Other hardware - Dell E2414H (Digital - DVI)
- Advanced Micro Devices, Inc. - SoftwareComponent - 31.2240.0.0

Download and install

3. Your computer may require a restart, but you can do that another time if you need. Going to lunch or leaving for the day are good times to do that.

### Autodesk Civil 3D

If CAD is running slow or you get any errors. Go to the Autodesk Access app located in your menu bar and open it. Here is where you will find updates for the installed programs on your computer.

If you are having issues with CAD you are welcome to reach out to TPM at [support@tpm.com](mailto:support@tpm.com) to help you're your issue. The CAD Discussion Group is a collection of issues/solutions along with tips that you also may find helpful

\*\*Licensing updates can usually be resolved with the "Licensing Service" update

### LucidLink

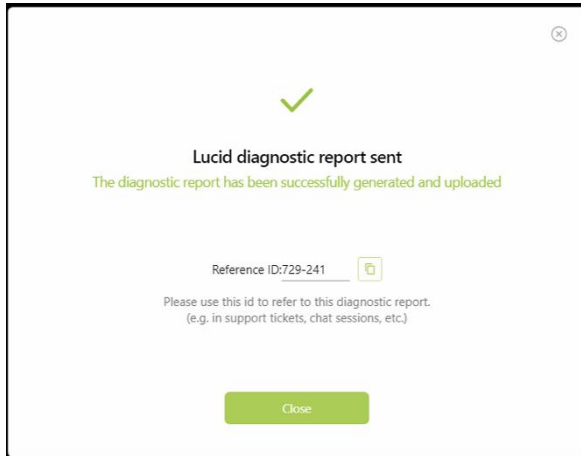

Lucidlink is the cloud server that we use and allows you to have access to the server whether you are in the office or out on site. Your computer will have you logged in and set up but there are some important things to note:

If you are having an issue run a diagnostic report.

1. Go to Lucid in the menu bar

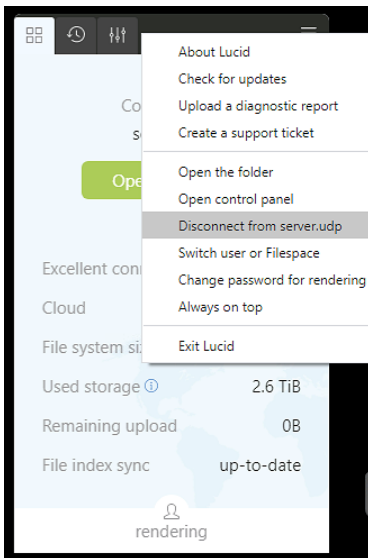

2. Click the 3 vertical lines and go to run diagnostic report

3. The report will give you a number that you'll need when you talk to support about the issue. The report takes a minute to run so don't worry if you feel like it is taking long.

You can also disconnect from Lucid if you choose by going to the same spot and choosing to disconnect from the filespace. This is good if you are somewhere where the network is insecure.

## *UDP DIGITAL FILES*

You will find most anything you need on LUCID- start by checking out these folders:

### **Admin**

- Core Processes
- Employee Resources
- Monthly Meetings
- Scans
- Training Items
- UDP Office Standards

### **Projects**

- CLT Projects
- Archive Projects

### **Technical**

(too many to list)

## *ODDS AND ENDS*

- You need a Nerf Gun
- Don't forget to laugh
- Ask lots of questions
- Have fun
- If something is not right, tell someone
- Always ask for a project number
- If someone is not nice to you, tell Susan, she will beat them up 😊
- We do have a dress code – UDP CASUAL - not quite as strict as business casual but stricter than “graphic-tee-shirt-frayed-jeans-tattered-sneakers-casual”. This is spelled out more in the UDP Employee Handbook.
- Walk past Susan's desk occasionally, she gets lonely (even with all the cats).
- If Brian (or Paul's) door is open, you can ask him a question, if it's closed, he's busy or on a call
- Always ask for a project number

## *INSURANCE/FSA CONTACT*

## *Timecard Guidelines*

# **UDP ADMIN TIME GUIDELINES (0000-UDP CLT ADMINISTRATIVE)**

**\*\*Use the following guidelines as default times unless otherwise directed\*\***

### **MEETINGS (MTG-UDP Activity)**

- Weekly staff meetings - 0.5 Hrs
- Monthly Staff meeting - 0.75 Hrs
- Daily Workload (Charlotte) - 0.25 Hrs
- Weekly Workload – 0.5 Hrs

### **TRAINING (TR Activity)**

- Required Lunch and Learns - 1 Hrs
- Onboarding time should be billed to training, training on billable projects should be charged directly to the project number.

### **OPTIONAL ADMIN (ADMIN Activity)**

- Happy hour - 0.5 Hrs
- Lunch and Learns – 1 hr

**\*\*Time spent on optional activities does not replace project work\*\***

# **UDP MARKETING TIME GUIDELINES (0000-UDP CLT BUSINESS DEVELOPMENT/MARKETING)**

### **GENERAL BUSINESS DEVELOPMENT (BD Activity)**

- BisNow Events
- Conferences
- Networking

### **GENERAL MARKETING (MKTG Activity)**

- Renderings for UDP Marketing administrator
- Career Fairs
- Park(ing) Day

**\*\*Note: no project work should be billed here. If you can't bill to a project/marketing number in CORE, bill to 0000-UDP CLT Admin – Activity ADMIN and type the task/info in CAPITAL letters as a memo\*\***

# **BILLABLE TIME GUIDELINES**

### **Schematic Design**

- This phase is hourly.
- Bill any coordination (internal or external) and SD level design/drawing production to this phase.

## Design Development/Permit Documents

- These phases are lump sum.
- Internal coordination time should be billed as “COORD”.
  - Example: Internal Kickoff Meetings, Internal Design Discussions.

## Permit Coordination

- This phase is hourly
- External coordination time with a jurisdiction
  - Example: Coordination with DOT on ramp configuration at an intersection, formatting CAD file to send to City for addressing/GIS purposes
  - Example: Comment review and processing
  - Example: Exhibit for comment clarification
    - This includes production of the exhibit and sending the exhibit to the jurisdiction.
- Filling out Plan Review applications
  - Example: FRO, NOI, Checklists
- Building permit coordination
  - Example: Sheet index formatting for County EPM submittal, Backflow Application

## Meetings and Coordination

- This phase is hourly
- External coordination time with client, architect, other consultants
  - Example: Meeting with Client, Coordination with MEP, Formatting CAD files, emails
- Exhibits requested by a client or consultant
  - This includes production, review, and deliverable of the exhibit

## BILLABLE TIME TIPS:

- If you are training another employee on a billable project, please BOTH charge to the project task and both use the Training (TR) billing activity and add specific notes about training in your memo, the project manager will decide if the training time is billable or not during invoicing.
  - Example: Teaching someone how to use EPANet – bill this to the project # under Permit Docs, activity TR and add specific notes to the memo
- The QC Activity should be used for reviewing plans and filling out the QC Checklist only. Revisions due to QC should be on the DSG Activity.
- Do not assume your time should just go under Design Development or Permit Documents, there may be a more applicable Project Phase such as ‘Utility Documents’ or ‘Stormwater’ or a contract addendum.
  - Scroll down through all the options in the drop down for that project.
  - Check the contract for which phases are available and the phase descriptions.

## Restaurants and Bars

### BIG ED'S

Neighborhood: Downtown

Address: 220 Wolfe St, Raleigh, NC 27601

Hours: 8am-2pm

"It's a great place for breakfast food (also try the sweet tea!)" – Lexi Chacalos

### BIRD PIZZERIA

Neighborhood: Optimist Park

Address: 510 E 15th St, Charlotte, NC 28206

Hours: W-Sat 4PM-8PM

"Best Pizza in town, hands down. Reservations are required for a pickup order - but it is worth it! Cute little pop-up patio out front where you can BYOB to enjoy with your meal." – Alex Spence

### BISONTE

Neighborhood: Uptown

Address: 10 W Trade St f, Charlotte, NC 28202

Hours: 11am-10pm

"A place that makes me feel at home. Plus the pizza and wings are superb." – Ngina Drayton

### BUDACAI

Neighborhood: Downtown

Address: 120 E Martin St, Raleigh, NC 27601

Hours: 12pm-9pm

"Yummy boba and Asian food, right next to Moore's Square." – Ella Rohlinger

\* Spots UDP have worked on

## BURIAL TAP ROOM (TRANSFER FOOD HALL)

Neighborhood: Downtown

Address: 500 E Davie St, Raleigh, NC 27601
